Fidelity of Implementation: Checklists

High Fidelity = Strong Results

The fidelity of implementation of a curriculum will determine the success of your students. Terry has designed an implementation checklist for Adventures in Language and three for Writing for Success (Sentence Power, Paragraph Power, and Genre Writing). Use of these checklists give teachers and academic coaches a tool for checking how faithfully the lessons are being delivered. They also give teachers and coaches a means of clearly communicating expectations.

If you are interested in using the checklists, click on the links below to download each checklist. You can then copy and use them.

We are interested in receiving any feedback you would like to give us about the use of these lists. Feedback from schools influence the changes and improvements we make to our design of instructional delivery.

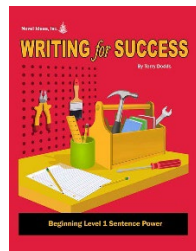

Individual checklists are linked below.

All four checklists can be found on our [website](#).
